

Build with Earth Workshop in Ghana

JOIN US AT ANY TIME BTW AUGUST 18TH TO OCTOBER 12TH 2014

WHAT You will finally have the possibility to build a real house with rammed earth, respecting Ghana vernacular tradition while following contemporary design.

WHERE The workshop will be held in the Village of Abetenim, in the Ashanti Region in Ghana.

HOW We will build a real earth house using traditional techniques and learning local methods of construction.

Participation is open to all motivated and enthusiastic students of architecture, architects or anyone interested. We provide an official certificate and welcome final degree students.

Project Contribution: 250 € p.p.

Accommodation: 60 € p.p.p.week

Food: 50 € p.p.p.week

Personal expenses, visa, airfare and vaccinations on your behalf
